

# CaringBridge is Your Free Online Tool for Sharing Your Family's Health Updates

When your child is dealing with an illness or injury, it's time-consuming and draining. We're here to help.

CaringBridge is a free communications platform for sharing health news with all of your family and friends at once.

The CaringBridge Planner makes it easy to request and accept help from your loved ones for errands, daily tasks, and to-dos.

Our mobile app and website ensure you're able to get the support of your community wherever you are.

## Why CaringBridge?

- More than 300,000 people use CaringBridge daily.
- Your child's health journey is safe with us because we are private, ad-free, and never sell your data.
- Our nonprofit has been supporting health journeys since 1997.
- All of our built-in features—from the Planner to personal fundraiser tools—are designed to bring your family relief.

"I love CaringBridge. I tell my families all the time to start a site because if they aren't overwhelmed yet, they soon will be and CaringBridge is so helpful."
